

2021 Gallia SWCD Tree Sale

Tree and shrub seedlings, ground cover, and various seed mixes are offered in this year's sale. These products are excellent for wildlife habitat, windbreaks, landscaping, stream buffers, ground cover, Christmas trees, and more. The sale is open to everyone and plants may be planted without restriction.

Seedlings are 1-3 years old and average 6-18 inches in height. Seedlings are bare rootstock and are dipped into a preservative gel before they are placed into a plastic bag in order to keep them moist. Please send someone to pick up your seedlings if you are not able to come yourself. The District does not offer reimbursements for any trees that do not survive.

Order forms and payment are due to Gallia SWCD on Friday, February 12. You may use the form included in this newsletter or the form on the District website. **"Tentative"** order distribution date is set for Friday, April 2 from 8 a.m. to 4:30 p.m. A phone call or email will be sent to confirm exact pick up dates, location, and times. Seedlings should be planted within 5 days after pick up and watered regularly to assure their vitality.

** The District asks that payment is received in full before trees and shrubs are ordered. New to the office building is a drop box located in the front entrance of the building. Order forms and payment may be dropped in the new box even after our office hours. **

Call the office or visit www.galliaswcd.com for more information and detailed descriptions of all the items available through this year's tree sale.

Deciduous Trees

Type of Tree	Mature Height	Ideal Growing Conditions
Black Cherry	60+ ft	Tolerate a variety of conditions
Black Walnut	75 ft	Prefers fertile, deep soils
Northern Red Oak	80+ ft	Full sun and acidic soil
Sugar Maple	100+ ft	Partial to full sun; well-drained soil
